## Overview of the Programme

*Nursing is a profession within the health care sector focused on the care of individuals, families and communities so they may attain, maintain or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training and scope of practice. Nurses practice in many specialist with different levels of prescription authority.*

*Education for the practice of professional nursing demands a substantial knowledge of nursing, drawing the foundation from knowledge of the behavioural and biological sciences. The nursing component includes lectures, laboratory and clinical courses concentrated in every nursing programme. The nursing courses include coursework relevant to professional practice, delivery of nursing care, systems for care delivery and leadership skill development appropriate to current dynamic and diverse health care settings. Clinical courses, offered in both hospital settings and the community, provide students with the opportunity to apply theoretical knowledge to practice.*

*The Champaran Nursing College follows the syllabus laid down by the Indian Nursing Council (INC). The Nursing curriculum allows students to take part in rural and urban health camps; educational field visits, industries etc. This nursing programme is based on education within an academic framework specifically directed to the development of critical thinking skills, competencies and standards required for practice of professional nursing.*

## *Welcome messege by Director*

*I extend a warm welcome to all prospective students considering our General Nursing and Midwifery (GNM) and B.Sc. Nursing program at Champaran Nursing College. It is my privilege to introduce you to our esteemed institution and share the vision we have for your nursing education. At Champaran Nursing College, we are dedicated to providing a nurturing and stimulating learning environment that empowers aspiring nurses to excel in their chosen profession. Our mission is to equip you with the knowledge, skills, and values required to deliver high-quality healthcare and make a positive impact on the lives of individuals and communities.*

*As the Director, I take immense pride in our exceptional faculty who are not just experienced educators but also compassionate mentors. They are committed to guiding you through every step of your academic journey, ensuring you receive the best possible education and practical training.*

*We understand that nursing is a dynamic and evolving field, and our curriculum reflects this reality. Our comprehensive program encompasses a wide range of subjects, blending theoretical knowledge with hands-on clinical experiences. This combination equips you with the competencies necessary to meet the challenges of modern healthcare.*

*I encourage you to take full advantage of the resources and facilities we offer at Champaran Nursing College. Our campus is designed to provide an enriching learning atmosphere, complete with modern laboratories, libraries, and simulation centers. These state-of-the-art facilities, coupled with a vibrant community of fellow students, foster collaboration and personal growth. Additionally, we emphasize the importance of holistic development. Alongside academic pursuits, we provide opportunities for you to engage in extracurricular activities, participate in community service initiatives, and cultivate leadership skills. Our aim is to nurture well-rounded individuals who are not just skilled professionals but also compassionate and empathetic caregivers. We understand that financing your education can be a concern for many students. Rest assured, we strive to make quality education accessible by offering scholarships and financial aid to eligible candidates. We believe that financial constraints should not hinder deserving students from pursuing their dreams and contributing to the healthcare field.*

*Choosing a nursing program is a significant decision, and we are delighted that you are considering Champaran Nursing College. I invite you to visit our campus, speak with our faculty, and explore the opportunities that await you. Together, let us embark on a transformative journey that will shape your future as a dedicated and competent healthcare professional. Thank you for considering Champaran Nursing College for your nursing education. We look forward to welcoming you to our esteemed institution and guiding you towards a fulfilling and rewarding career in nursing.*

Warm regards,

**Dr. Sohail Ahmad**

Director, Champaran Nursing College

## About Us

**Champan Nursing college** is situated at Katahari, Sathi, District : West Champaran, Bihar is founded in the year 2022 with GNM and BSC Nursing course offered from year 2023. This college is approved by Bihar Nursing Registration Council (B.N.R.C) & Indian Nursing Council. Champan Nursing College is a constituent unit of Anis Educational & Welfare trust. The curriculum has been planned to provide in depth knowledge to enable the graduates to function effectively in various nursing situations, also prepare to assume the role of teacher, supervisor and manager in clinical/public health setting.

We give personal attention to each student and emphasize on etiquettes, maintain high degree of discipline and abide the code of conduct which reflects the dignifying behavior in the campus.

Extra Curricular activities will be carried out like NSS, Blood donation, National Health Days celebration, pulse polio, sports, social gathering & various competitions to show their talents and skills.

## Scope

The scope of work for individuals who have completed the GNM and BSC Nursing course is broad and encompasses various responsibilities in the field of nursing and midwifery. Here are some of the key areas where GNM and BSC Nursing graduates can work:

1. **Hospitals and Clinics:** GNM and BSC Nursing nurses can work in hospitals, clinics, and healthcare facilities, providing direct patient care. They may assist doctors in medical procedures, administer medications, monitor patient vital signs, and provide wound care.
2. **Maternity and Obstetrics:** GNM and BSC Nursing trained midwives can work in maternity and obstetrics departments, providing antenatal and postnatal care to expecting mothers. They assist during childbirth, monitor the health of both the mother and baby, and provide education on maternal and infant care.
3. **Paediatric Care:** GNM *and BSC Nursing* nurses can work in paediatric departments, caring for infants, children, and adolescents. They administer vaccinations, monitor growth and development, provide paediatric treatments, and educate the parents on child health and nutrition.
4. **Community Health:** GNM *and BSC Nursing* graduates can work in community health settings, conducting health camps, providing healthcare services in rural areas, and promoting health education and preventive measures. They may work closely with local communities to address public health issues.
5. **Geriatric Care:** GNM *and BSC Nursing* nurses can work in geriatric departments or nursing homes, providing specialised care for the elderly. They assist with daily activities, manage chronic conditions, administer medications, and ensure the overall well-being of elderly patients.
6. **Nursing Education:** Some GNM *and BSC Nursing* graduates opt to pursue further education and become nurse educators. They can work in nursing schools or training institutes, imparting knowledge and skills to aspiring nurses.
7. **Research and Administration:** GNM *and BSC Nursing* professionals can also contribute to that field of nursing through research activities, data collection, and analysis. Additionally, they can take up administrative roles in healthcare organisations, overseeing nursing departments or coordinating patient care services.
